

Friends of Heart

Help Us Team Fundraise!

Top Fundraising Team Donates Two AEDs to the Community!

Lift Disease Management's fundraising team, "Raising a Little Health," raised almost \$5000 for the Friends of Heart fund and was presented as the top fundraising team at the 2017 TN Rhythm Run in September. They chose to use their earnings to place needed AEDs in the community. One at Denmark Missionary Baptist Church and one within the Haywood County School system.

All fundraising profits stay local for West TN!
